Parish Walks

Kiveton Park

- 1 From the car park, walk past the play area up the hill to the kissing gate in the corner. Turn right onto Jackys Lane. At the shops turn left onto Union Street.
- 2 Continue past the church and the Beehive until you reach the bridleway on your left, opposite Northlands.
- 3 Turn left down the bridleway until you reach the stone bridge over Broad Bridge Dyke. Cross the bridge and turn right.
- 4 The path bends round to the left and you will come to a stile and entrance to Kiveton Community Woodland. This is the site of Kiveton Colliery, closed in 1994. There are many paths and trails you can take on this recently developed area.
- 5 Cross the stile and turn right down the broad track.

Kissing Gate on Manor Road

- 6 Continue down the wide track, it will join another wide track. Turn right at this junction.
- 7 Continue down this track to reach a stream; the line of the Chesterfield Canal.
- 8 Turn right along the hard path and go over the bridge. The path bends right and left and takes you down the side of the field. Kiveton Waters fishing area is on your left.
- 9 Turn left at the metal gate. The path bends right to the road. Turn left and continue a short way. You will come to Hard Lane.
- 10 Cross the road to the decorative gates. Take the footpath, across the field

- (known as Tommy Flockton's Common). Follow the Cuckoo Way sign.

- 14 By a sharp bend you will see a kissing gate on your right. Go through here and aim for another footpath sign on your left. The path avoids the corner of the lane and goes round the edge of the field. Pass the stile on your left and continue to the kissing gate further on. Go through the kissing gate.
- 15 Turn right onto the road again. Follow the road towards Harthill. Just after Oaklands Farm, on your right you will see a kissing gate. Go through here and cross diagonally to another kissing gate. Continue across this field towards the houses. Do not go through the kissing gate. Turn left up the field to the road.
